

## **Aarskog syndrome (FGD1) Testing Laboratories**

### **UK**

Exeter Molecular Genetics Laboratory

### **USA**

Greenwood Genetic Centre Diagnostic Laboratories Greenwood Genetic Centre  
Ambry Genetics  
Centre for Human Genetics, Inc.  
Prevention Genetics  
EGL Genetic Diagnostics Eurofins Clinical Diagnostics  
Fulgent Genetics Fulgent Genetics in United States.

### **EUROPE**

FGD1. Complete sequencing.  
Instituto de Medicina Genomica Instituto de Medicina Genomica in Spain.

FGD1. MLPA testing.  
By Instituto de Medicina Genomica Instituto de Medicina Genomica in Spain.

Aarskog syndrome: FGD1 gene sequence analysis.  
By GENETAQ Molecular Genetics Centre and Diagnosis of Rare Diseases in Spain.

Aarskog-Scott syndrome.  
Bioarray in Spain.

Laboratorio de Genetica Clinica SL in Spain.

Aarskog Syndrome, Sequencing FGD1 Gene.  
By Reference Laboratory Genetics in Spain.

## **PORTUGAL**

Aarskog syndrome (deletion/duplication analysis of FGD1 gene).  
CGC Genetics in Portugal.

## **GERMANY**

Aarskog syndrome.  
Synlab MVZ Humane Genetik München Synlab MVZ Humane Genetik München

Faciogenital dysplasia.  
Centogene AG - the Rare Disease Company in Germany.

Single gene testing FGD1.  
CeGaT GmbH in Germany.

## **ISRAEL**

FGD1 SEQUENCING AARSKOG SYNDROME.  
By GGA - Galil Genetic Analysis in Israel.

## **INDIA**

Aarskog Syndrome  
Institute of Medical Genetics and Genomics Sir Ganga Ram Hospital in India.
